Core areas

Headquartered in London, Alpha Real Capital was founded in 2005 as an international, co-investing, investment management and wealth management solutions business:

- Alpha Real Capital LLP sits at the heart of the Alpha Real Capital family of companies ('Alpha'), which benefit from materially common ultimate beneficial ownership

A 160+ professional team operates across the UK, Europe and Asia, focusing on 4 core areas: i) real estate investment management; **ii)** long income and index-linked income; **iii)** infrastructure, social impact and renewable energy; and **iv)** wealth management solutions

The '*Alpha way*' is to identify specialist teams with expertise in areas of strategic focus and interest and to support these teams to deliver best-in-class investor solutions:

- Alpha teams benefit from centralised resources, including: financial; operational; compliance; research; marketing; business development and capital-raising
- ... and from Alpha's fundamental interest to '*do the right things*'

The '*Alpha DNA*' is evident across the Alpha range of funds, products and services:

- Alpha aims to offer attractive risk / return profile investments for investors, with exemplary support and service for business partners, professional advisers and investors

Alpha engages with institutional investors, professional investors (including family offices, UHNW and HNW private investors) and professionally advised retail investors:

- on the retail side, Alpha operates through TIME Investments and Tempo Structured Products

- TICS covers all 30 G-SIBs, plus a small number of D-SIBs and / or issuers of retail structured products, including a number of institutions that some issuers credit-link their products to
- We update and publish TICS each month, producing 9 outputs:

| TICS |
|---|
| 1. TICS Category Scorecard - Credit ratings |
| 2. TICS Category Scorecard - CDS |
| 3. TICS Category Scorecard - Fundamentals (balance sheet) |

- **We publish TICS to provide transparency regarding our internal processes and to provide a resource to support professional advisers in meeting their regulatory research and due diligence responsibilities:**
 - but it is important that professional advisers using TICS understand what TICS is: **and what TICS is not**
- **What TICS is:**
 - we developed TICS for internal purposes in order to aid us in analysing, assessing, understanding - and comparing - issuers / counterparties, to help us identify strong issuers / counterparties in our role as an independent plan manager able to select and deal with issuers / counterparties without bias
 - TICS compiles multiple Factors across various Categories pertinent to assessing and considering issuer / counterparty financial strength / credit risk, using a robust methodology, including a scoring system
 - the widely recognised measures and indicators of financial strength / credit risk and scoring system provoke and support more detailed and objective analysis, consideration and understanding - including comparison - of issuers / counterparties
- **What TICS is not:**
 - **TICS is *not* independent research or an investment recommendation**
 - we do not provide any warranty regarding the TICS, the data, its methodology, weighting or scoring: and we expressly exclude any liability for any judgement or interpretation based upon or influenced by TICS
 - professional advisers should reach their own judgement of issuer / counterparty financial strength / credit risk
 - while the scoring system within TICS '*ranks*' issuers / counterparties, professional advisers should understand that this is not the intended purpose of TICS: the purpose of TICS is to provoke and support detailed and objective **analysis, consideration and understanding** - including **comparison** - of issuers / counterparties

- **Every month, we monitor the monthly movement within TICS, including the TICS Amalgamated Scorecard and the TICS Category Scorecards:**
 - we identify and highlight movement up and down the rankings
 - we draw attention to any issuer / counterparty that moves up or down by more than 5 places

- **TICS Amalgamated Scorecard**

- overall, the TICS Amalgamated scores for May are higher (i.e. worse) compared to April, on average, driven by widening CDS levels
- no banks moved by 5 places or more

- **TICS Category Scorecard - Credit ratings**

- no banks moved by 5 places or more

- **TICS Category Scorecard - CDS**

- the following bank(s) moved up by 5 places or more: UBS, ABC, Nomura, Bank of Ireland
- the following bank(s) moved down by 5 places or more: Standard Chartered, Prudential

- **TICS Category Scorecard - Fundamentals (balance sheet):**

- no banks moved by 5 places or more

- **TICS Category Scorecard - Fundamentals (market indicators):**

- the following bank(s) moved up by 5 places or more: Standard Chartered
- the following bank(s) moved down by 5 places or more: Deutsche Bank

- **TICS Category Scorecard - Systemic importance:**

- no banks moved by 5 places or more

- **It should always be understood that:**
 - structured products are not suitable for everyone
 - past performance is not a reliable indicator of or guide to future performance and should not be relied upon, particularly in isolation
 - the value of investments and the income from them can go down as well as up
 - the value of structured products may be affected by the price of their underlying investments
 - the potential returns of a structured product and the repayment of money invested in a structured product depend on the financial stability of the issuer and counterparty
 - capital is at risk and investors could lose some or all of their capital
- **The ‘*Important risks*’ section of our website highlights the key and other risks of structured products, in addition to explaining important information for professional advisers who wish to access the current products area of our website and who may use our structured product plans with their clients:**
 - www.tempo-sp.com/home/important-risks
- **Professional advisers should access and read the relevant plan documents relating to any structured product plan of interest, in particular: the plan brochure; ‘*if / then ...*’ summary; plan application pack, including, the terms and conditions of the plan; and the issuer’s securities prospectus, final terms sheet and key information document (*‘KID’*), before making a recommendation to their clients**
- **Professional advisers should not invest in, or advise their clients to invest in, any investment product unless they and their clients understand them, in particular the relevant risks**
